

# Team Values Assessment

*First, select the values that resonate with you.*

*Second, narrow the list to the 10 most important values.*

*Finally, identify the top 5 values that are important to you and your team experiences.*

- |                                      |                                   |
|--------------------------------------|-----------------------------------|
| Achievement                          | Inclusion                         |
| Aesthetics                           | Independence                      |
| Artistry                             | Innovation                        |
| Autonomy                             | Integrity                         |
| Balance                              | Leadership                        |
| Belonging                            | Learning                          |
| Building something                   | Leisure                           |
| Challenge                            | Listening                         |
| Community                            | Loyalty                           |
| Compassion                           | Personal/professional development |
| Competition                          | Physical activity                 |
| Creativity                           | Quality                           |
| Creating beauty                      | Receiving recognition             |
| Creating change (e.g. social change) | Repairing or fixing something     |
| Critical thinking                    | Respect                           |
| Decision-making                      | Risk-taking                       |
| Diversity                            | Safety                            |
| Efficiency                           | Security                          |
| Engagement                           | Self-expression                   |
| Entrepreneurship                     | Service                           |
| Equality                             | Spirituality                      |
| Excitement                           | Stability                         |
